

School Provision

Staffing structure that promotes support for all pupils and their families. There is an 'open door' approach for parents/carers to ask for help when they need it.

Staff have had training in attachment and the impact of trauma which helps them to support the most vulnerable children.

Our school environment and engaging curriculum provides the children with many enrichment opportunities such as Forest School.

We have additional interventions, music therapy and individualised mentoring sessions.

Family support

We offer a range of support for families.

Boundaries, Debt, housing, transport issues, attendance, understanding diagnosis, form filling, paperwork. Bereavement and Domestic abuse.

Do you just need someone to talk to?

Let us help.

Outreach and KEEP

Kingfisher school will use every intervention possible to prevent further disruption to the students learning, but on rare occasions students' needs may not be met within Kingfisher school's outreach programme and may need to enrol in a setting more suited to their needs. These decisions are made directly with the county council.

Students may be suited to an alternative provision to receive further support alongside schooling. Alternative provisions Kingfisher work alongside include Longlands and Greenfingers and many others. Outreach staff work with students attending these provisions.

Outside Agencies

TFS – Targeted Family Support will work directly with families who request additional support for more complex needs.

CAMHS can support children who are in need of support for mental health needs. CAMHSCAST workers provide outreach support to schools and parents/carers.

Educational Psychologist will come into school to provide support and guidance for staff and parents

The school nurse and health visitors offer advice and support to parents/carers.

There are positive links with the local community police and the local community housing trust – BDHT.

Domestic Violence Disclosure Scheme (Claire's Law)

This scheme aims to provide a formal mechanism for you to make inquiries about your partner if you are worried that they may have been abusive in the past, or about someone else's partner on their behalf. If police checks show that the partner has had a record of abusive behaviour, or there is other information to indicate that you may be at risk from your partner, the police will consider sharing this information with you or the person you were worried about. The scheme aims to help you to make a more informed decision on whether to continue a relationship and provides further help and support to assist you when making that choice.
